Dear Jane,

Thank you so much on behalf of everyone at Arbonne Canada for the wonderful training session you provided to our Independent Consultants at our recent Canadian National Training Celebration.

It was a pleasure to work with you, and I appreciate the time and effort you put into getting to know us and our company so that your session was relevant and perfectly suited to your audience! You really go the extra mile. The pre- and post- event follow-ups were more than we had expected and enabled everyone to gain the maximum benefit from your involvement in our event.

I am still receiving 'thank you' notes and emails from the hundreds of independent consultants who attended the event with kudos on selecting the perfect trainers.

Sincerely,

Helena Alexandre
